

WHITE CLOUD COMMUNITY LIBRARY

DISPLAY CASE POLICY

The glass display case owned by the library is taken care of by the Friends of the Library. Anyone wanting to display items should contact the Friends to make appropriate arrangements. Owners wishing to display items will be required to set up and take down their collection. Displayed items are not to be "For Sale" (no tags with prices showing), but a card indicating the owner's name and phone number may be included in the case with the collection. While the display case can be locked, the library will not be responsible if anything is damaged, lost or stolen. Anything left to be displayed will be solely the responsibility of the owner.
