August 20, the Friends of the Library hosted their annual pig roast and we raised over \$900! Thank you to everyone who helped make this year such a success!

This year, the lucky winners were Amy and Cindy. All of the funds raised for pie in the face went directly into our building fund.

Selling pork sandwiches at the summer concert on 9-20 raised enough funds to purchase a new letter board sign for the sidewalk! We are excited for it to arrive.

The staff were all troopers and agreed to the possibility of taking a pie in the face. We pied the person who raised the least and the person who raised the most.

Friend's member, Stan Opal, agreed to take pies for \$20 each and raised an additional \$200 for the Friends group! Be sure to get your ticket next year!

## New Carpet Coming Soon

The library is getting new carpet! If you have been in recently, you have seen that the current carpet has separated from the sub floor and unfortunately there is no easy or simple way to fix that and our only option is to remove it. Color samples are currently being looked at and scheduling installation soon. Unfortunately, do the number of items inside the building, we are going to be forced to close the library for quite a while in order to move all of the items. We are looking for any volunteers that are willing to help move books. Contact Amy if you are interested!

### 1. What is your name?

Kyra Bailey

### 2. What is one of your favorite quotes?

We must be the change we wish to see in the world.

— Audre Lorde

### 3. If you could learn to do anything, what would it be? Why?

To speed read so I can read more.

### 4. What did you do growing up that got you into trouble?

I would finish all of my work in class as fast as I could, so I could read my book the rest of class. I was a really good kid, but the few times I got in trouble my mom would ground me from my books because that was what I liked to do.

### 5. If you could meet anyone, living or dead, who would you meet?

Mahatma Gandhi

### 6. What would you be doing if you weren't at your current job?

I would be somewhere surrounded by books.

### 7. What would you most regret *not* having done by the end of your life?

That's a tough question for me, because I try to live like every day is my last day.

### 8. What would a "perfect" day look like for you?

The perfect day would be a simple slow day filled with cozy sweaters, books, and nature hikes.

### 9. If you ruled the world, what would you change on Day 1?

I would make sure that no one in the world would go hungry. That everyone is worthy of love.

### 10. What characteristic do you most admire in others?

Kindness; it cost nothing to be kind.

# Greetings from the Circulation Desk!

## Summer Reading program Wrap-Up

Congratulations to the winner of our Adult Summer Reading Program: Aubrey Bitson! We had a total 8 people finish trekking Route 66, with close to 20 reaching at least the first checkpoint. Each participant that completed the trek received one of our new water bottles! Keep an eye out for our upcoming events!

## Bibliocore (Bibliocommons)

Back in June this year, the Lakeland Library Cooperative launched the new patron request platform, Bibliocommons. Since its launch, we have only had a total of 36 patrons sign up for this new service. We would greatly recommend that everyone takes the short amount of time to sign up for two reasons: First, Bibliocommons offers many of the features patrons have asked for in the past, such as a way to set up your check out history so you can keep track of what you have already read or seen and a way to view all of the videos we have at the library, which has been a request by many patrons. The second reason that signing up for Bibliocommons is so important is because our previous patron search programs (Encore, Millennium) are set to expire before the end of the year, making them inaccessible. Making a bibliocommons account is quick and can be done on your own device or at the cataloging computer at the library! If you have any questions about Bibliocommons, feel free to ask and we will help work you through it!

## Library Closing Dates

- Saturday, **October 30th** (Setting up for the Haunted house, which is at 7PM!)
- Thursday, Friday, and Saturday **November 25th , 26th, and 27th** (Thanksgiving)
- Friday and Saturday, **December 24th and 25th** (Christmas)
- New Carpeting Month—**Dates in December TBD**

**As always, Items that would be due on a holiday closing are due the next day we are open instead. Items that are overdue prior to the holiday will still accrue fines.**

*Best Wishes,

## Salutations from the History Section

On September 12th we held our Big Prairie Everett Cemetery walk. The Sunday started out well for us, not too hot and no rain. Well over 120 people came out to walk down the historical memory lane with us.

The first station was Martha Gooch Utley, the first person buried in the cemetery. Jan Smith did a heartfelt portrayal of Mrs. Utley.

The second station on our historical walk was Herm Becker decked out in judge's robe and cane like Judge James Barton. Dave Wright did an awesome job of playing Clyde Crabtree, who served and died in the Great War. This family was one of the early settlers here.

Pastor Jeff Murchison spoke of William Shorter, a former slave who served in the Civil War. Mr. Shorter owned property and a saw mill in Big Prairie.

Richard Dault told of the Irish immigrant family of Dunsworth. He also gave us a lot of information about how the potato famine brought many Irish families to this area.

Marce Hanson gave us Martha Evans life story and how crucial she was in keeping the history of White Cloud. Four of Martha's children made it in to honor their mom.

The Westgate family story was told by their own Sandy Westgate. We heard about Alden's wanderlust and how he went whaling around the horn and out west to search for gold before settling down on the Prairie.

Lauren Deater spoke as her Aunt Helen Dalziel. She played the part of a one room school teacher like a pro. We learned much about teachers from that era and the schools that used to be here.

The last stop on our walk ended with Chuck Christenson telling the tales of Doc Douglass. Many shared their own stories they had about Doc. Doc left many historical pictures and maps here at the library.

The rain held off until the very end. Chadwick was able to catch the entire event on film. It is on the history computer in the library so those who may have missed it can come in and watch it.

*Until then, Pam*
